Research Interests

Privacy-Enhancing Technologies • Differential Privacy • AI Agent Privacy

Education

Rochester Institute of Technology, Rochester, NY — Jan. 2023 – May 2027
Ph.D. in Computing and Information Sciences

- Advisor: Dr. Yidan Hu
- Dissertation: *Beyond Isolated Decisions: Advancing Dependence-Aware User-Side Privacy Mechanisms*

University of Dhaka, Dhaka, Bangladesh — Jan. 2015 – Dec. 2019
B.Sc. in Electrical and Electronic Engineering

Research Experience

Graduate Research Assistant, Rochester Institute of Technology Jan. 2023 – Present

Research on privacy-preserving AI agents, differential privacy for correlated data, and continuous location privacy.

Teaching Experience

Incoming Instructor: Authentication and Security Models (CSEC 472) Spring 2027

Rochester Institute of Technology, Rochester, NY

- Appointed as the primary instructor, responsible for course design, instruction, assessment, and student mentoring.

Graduate Teaching Assistant Aug. 2024 – Present

Rochester Institute of Technology, Rochester, NY

- Authentication and Security Models (CSEC 472): Fall 2024, Spring 2025, Fall 2025, Fall 2026.
- Advanced Data Privacy (CSEC 721): Spring 2026.
- Graduate Seminar in Computing Security (CSEC 759): Spring 2025.

▷ **Across these courses:** Developed and graded laboratory assignments, contributed to course and project design, evaluated coursework and student projects, mentored students, and delivered guest lectures on privacy and security.

Professional Experience

Co-Founder & Director, Orboroi AB, Stockholm, Sweden Jul. 2021 – Present

- Co-founded an AI operations company supporting clients across the AI lifecycle. Established and now lead its Bangladesh operations, including team coordination, client engagement, and project delivery.
- Deploy and maintain technical infrastructure, including databases, CVAT annotation platform, and servers.

Awards & Honors

- PETS 2026 Student Travel Stipend Award, 2026.
- Best Paper Award Candidate, ICIEV, Kitakyushu, Japan, 2018.
- 3rd Place, Digital Khichuri Challenge, United Nations Development Programme (UNDP), 2017.

Academic Service

- Subreviewer: ICML (2026), INFOCOM (2026), PETS (2026, 2027).
- Competition Judge: GENIUS Olympiad (International High School Project Competition), 2023 and 2024.

Technical Skills

- Programming & AI: Python, Kotlin, SQL, MATLAB, TensorFlow, LangChain
- Systems & Tools: Linux, Node.js, MongoDB, Android, CVAT, Git, LaTeX
